Sakaeth Ram

has successfully completed the online, non-credit Professional
Certificate

Google Cybersecurity

Those who earn the Google Cybersecurity Certificate have completed eight courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for entry-level roles in cybersecurity. They are competent in beginner-level Python, Linux, SQL, Security Information and Event Management (SIEM) tools, and Intrusion Detection Systems (IDS). They know how to identify common cybersecurity risks, threats, and vulnerabilities, as well as the techniques to mitigate.

Introduction to Social Media Marketing

Social Media Management

Fundamentals of Social Media Advertising

Advertising with Meta

Measure and Optimize Social Media Marketing Campaigns

Meta Social Media Marketing Capstone

Aug 23, 2024

Sakaeth Ram

has successfully completed the online, non-credit Professional Certificate

Meta Social Media Marketing

In this professional certificate, learners developed and honed essential social media marketing skills, including establishing and managing a social media presence, creating and managing content for social media platforms and evaluating and measuring content performance, creating effective and attractive ads for social media, creating advertising campaigns in Meta Ads Manager, and evaluating and communicating the results of advertising campaigns to business managers or marketing directors. Learners developed a portfolio throughout the professional certificate applying their social media marketing knowledge and skills.

AWS Cloud Solutions Architect

This program arms you with the skills you need to accelerate your career in cloud architecture and provides a pathway to earn the AWS Certified Solutions Architect – Associate certification. You'll deploy solutions, including infrastructure components such as networks, systems and applications services, and you'll gain real world experience through hands-on projects. Upon successful completion of this program, you will earn a certificate of completion to share with your professional network and potential employers. Please note that this program helps equip you with the skills you need to take the certification exam, but additional study and training may be required before taking the exam.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
